Ladies and Gentlemen:

Attached herewith, please find a report for the following: (i) Itemized Disbursements (Schedule B) and; (ii) Itemized Independent Expenditures (Schedule B). These reports are for the Oregon Special Election ( Pre-General '96), and outline activity (disbursement only) for January 1, 1996, to January 10, 1996.

Please be advised, that at this time, the Sierra Club Political Committee is unable to furnish to you a complete FEC report. This is because the organization has not yet closed the month of January 1996, and as such, we are unable to capture and report certain financial information for the period in question.

If you should have any questions, please call me.

Very truly yours,

Michael V. Graham  
for the Sierra Club Political Committee
